Re: Sunshine Request – Police Seminar in Israel

Ms. Young,

This will acknowledge receipt of your email, dated April 4, 2019. The St. Louis Police Department will provide you with all open record material in its possession which falls within the scope of your request. Sunshine Law requests are generally processed in the order in which they were received and currently there is a backlog of requests being handled. We will advise you of what is available, as well as the time required for, and cost of production as soon as we are able to ascertain those details. We would anticipate responding concerning the availability of records requested sometime during the week May 6, 2019.

Sincerely,

Barbara Manuel-Crossman  
Manager  
Telephone Reporting / Records Division
